• EXPERIENCE

Bank Voice

Foundever Capital One – San José, Costa Rica

May 2025 – August 2025

- Provided customer service and support within the retail banking division, delivering personalized assistance to clients. Managed inquiries related to financial products, account statements, transactions, charges, payments, and issue resolution, ensuring compliance with the bank's quality and security standards.

Translator (English-Spanish)

Filter of Hope – San José, Costa Rica
February 2025 – April 2025

- Facilitated communication between local families in rural and urban areas of San José and English-speaking missionaries by interpreting interactions during the distribution of donated water filters.
- Transcribed educational and testimonial content related to spirituality and water sanitation.

Web Development Internship

FUNDATEC – Heredia, Costa Rica
October 2024 – December 2024

- Assisted in the maintenance of institutional websites and the development of web components using PHP and JavaScript.
- Participated in on-site technical support tasks and documentation of internal processes.

• ABOUT ME

Motivated university student with experience in web support, customer service, and technical assistance. Skilled in HTML, JavaScript, and PHP, with hands-on experience maintaining websites, supporting internal processes, and working in collaborative, fast-paced environments. Strong attention to detail, problem-solving abilities, and a commitment to quality and continuous improvement. Experienced in client communication, documentation, and working under established procedures and standards. Passionate about technology, learning, and contributing to high-quality software projects.
